2. Press to enter the setting menu. In this menu you can adjust brightness, image, color etc. Press this button up/down to navigate in the menu.

3. Audio output for Earphones.
4. Mini HDMI for audio/video.
5. 2x USB type C for power and audio/video.

## Device connection

There is 2 ways to connect monitor to your device.

1. Connect the portable monitor to computer, mobile phone, etc. via the Type-C interface with the included “Type C to Type C cable” and connect power supply to the portable monitor.

Please note that if connected to pc, then you might only need USB Type C cable connected as this can both power on the portable monitor and transport Audio /video signal. This dependent on your notebook.

2. Connect the portable monitor to PC or other device via the Mini-HDMI to HDMI cable (included) and connect power adaptor to USB type C port on the portable monitor.

### Adaptor information

Manufacturer's name or trade mark, commercial registration number and address	Shenzhen Run Sheng Feng Power Supply Technology Co., Ltd commercial registration number: 91440300580068676U 3 <sup>rd</sup> Floor, 4 <sup>th</sup> Building, Zone A Xinfu Industrial Park, Chongqing Road, Fuyong Street, Bao'an District, Shenzhen, China
Model identifier	RSF-DY077A-0503000EU
Input voltage	100-240V
Input AC frequency	50/60Hz
Output voltage	5V
Output current	3A
Output power	15W
Average active efficiency	82.42% at 115V 60Hz 82.08% at 230V 50Hz
Efficiency at low load (10%)	84.44% at 115V 60Hz 81.18% at 230V 50Hz
No-load power consumption	0.05W at 115V 60Hz 0.07W at 230V 50Hz

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

Electric and electronic equipment contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment) is not handled correctly.

Electric and electronic equipment is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment should not be disposed of with other household waste, but should be disposed of separately.

All cities have established collection points, where electric and electronic equipment can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.
